Any student who has provided Florida SouthWestern State College's Office of ADaptive Services with appropriate documentation of a disability, as defined by Florida Statute §1007.02, shall be eligible to request a reasonable substitution requirement for admission to the College, admission to a program of study or course, graduation or other College policy or procedure in accordance with Florida Statute 1007.265 provided that the substitution does not constitute a fundamental alteration in the nature of the program. Substitutions may be granted on a case-by-case basis when the accommodations provided are not sufficient or when the disability affects enrollment in a degree or program, or graduation from the College.

The District Board of Trustees authorizes the administration to review and approve requests for substitutions for College admission requirements, admission to a program of study or course, graduation, or other College policy or procedures in accordance with Florida Statute 1007.265.
