Charlotte Campus President's Report – (Presenter: Dr. Pat Land)

Dr. Land offered welcoming remarks, noting that this is the first year the Board will convene two times per year on the Charlotte campus due to state regulations governing charter high schools. She deferred to the following for her report:

1. Dr. Christy Gilfert, Associate Dean of Students, reported on the Student Leadership Academy (SLA), a student leadership training program. It is an outgrowth of what employers and business owners identified as making graduates employable – leadership. The Academy teaches students leadership skills, how to work together as a team, and how to understand others. Its mission is to foster leadership skills development, academic success, personal growth, social development, problem solving, and critical thinking. The SLA challenges students through service opportunities, including four components: (1) fifteen hours of on-campus and ten hours of off-campus community service per student, (2) a capstone project in which students partner with a community organization to volunteer and fundraise \$200 per student, (3) public speaking/oral presentations, and (4) ten seminars by community members, including topics such as

motivation, conflict resolution, business etiquette, parliamentary procedure, and time management. Student Brittany Gireaux shared her experience in the Academy.

2. The academic area was represented by math professor, Christy Smith, who demonstrated one of her math classes with her philosophy that students can master mathematics as well as other obstacles in life through the will, attitude, and desire to do so.

Mrs. Berlam introduced Mrs. JoAnn Helphenstine, former Charlotte County board member, thanked her for her service and dedication to the District Board of Trustees, the Foundation and the community, and presented a plaque to her.

Faculty Senate Report – (Presenter: Professor Don Ransford)

Professor Ransford reported that Faculty Senate members were pleased to hear that the Faculty Senate Report has been reinstated as a standing item on the Board agenda. Topics discussed at the last Faculty Senate meeting, and with President Goodlette, included the development of the academic calendar, the selection process for department chairs, and operating procedures for, and coordination of, public service events. Professor Ransford will continue to meet regularly with the President.

Dr. Wendy Chase and Dr. Catherine Wilkins spoke about “Education for a New Humanity,” a colloquium recently developed and hosted on the Lee Campus February 16-17, in part, to refocus the energy of professors and to show that the Edison faculty is second to none. The featured keynote speaker, Dr. David Orr, spoke about green campus initiatives and sustainability. 450 guests participated in the event.

SACS Report – (Presenter: Dr. Erin Harrel)

Dr. Harrel reported that the first draft of the SACS report was sent to the consultant and resulted in positive feedback. Documentation is being assembled, and all timeline items are on schedule. Dr. Harrel shared a PowerPoint presentation of what has been accomplished to date, including integrity issues, course substitutions, College Operating Procedures, Board policies, Institutional Effectiveness, unit plans, organizational structure, faculty/student ratios, and the QEP cornerstone project. A copy of her presentation will be provided to Board members. The final SACS document will be submitted to SACS on April 10, 2012. Outcome status options from SACS include a warning, probation, or loss of membership.

Legal Update Report – (Presenter: Mr. Mark Lupe)

Mr. Lupe met with Chris Vernon, Board liaison for legal affairs. Mr. Vernon requested that Mr. Lupe present a monthly update to the Board of pending legal issues facing the College. Questions regarding details of any claims can be directed to President Goodlette. Today Mr. Lupe reported on labor and employment issues that involve pending claims – three Equal Employment Opportunity Commission (EEOC) cases and one Florida Department of Administration Hearings (DOAH) case:

1. The first case involves a professor asserting discrimination because he was not hired in a full-time position due to his age and ethnicity (Hispanic). The College responded to the EEOC and has been successful demonstrating that of two applicants hired, one was Hispanic and one was African-American. Regarding age, the College demonstrated that the successful candidate was more qualified.
2. The second EEOC case is the Dr. Robert Beeson case. The College anticipates the receipt of a Right to Sue letter – the last step before a suit is filed in the United States District Court.
3. The third EEOC case is the Dr. Steve Atkins case. A Right to Sue letter was received and a lawsuit has been filed. Costs are covered by Consortium insurance so there is no financial exposure to the College. The press incorrectly listed Board members as defendants. The Board as a corporate entity is the defendant. Mr. Vernon requested that Mr. Lupe email the Atkins' lawsuit to all Board members for their information.
4. With regard to DOAH, Dr. Beeson, Dr. Atkins, and Dr. Walker had the right to file a case with respect to the termination of their contracts. Dr. Walker exercised that right, and the College has received a notice of request for a hearing from Dr. Walker. It was referred to DOAH, and an Administrative Law Judge has been named. An initial report will be submitted to the Judge who will assign a final hearing date. Mr. Lupe will keep the Board updated.

Presidential Search Committee Update Report – (Presenter: Mrs. Ann Berlam)

- Mrs. Berlam reported that the 13-member Committee is broadly representative of the College's five-county area and of gender, race and age. The Committee received their charge at the first meeting February 22 to identify candidates that the Board will eventually interview for the next District President. Mr. Hicks took all comments from various meetings and constituent groups and assembled into two documents: *Challenges and Opportunities for New President* and a *Presidential Profile*. They will be posted by the end of the week on the Edison State College website, <http://www.edison.edu/president/search>. The Committee was asked to provide input to Mr. Hicks on these two documents.

- At the next meeting of the Committee in mid-to-late April, the members will review all received applications and will make a decision of approximately 10-12 applications to advance for the Search Committee to interview in person in early May. At the completion of these interviews, the Committee will meet to advance 3-5 unranked candidates to the Board of Trustees to interview in person in late May or early June.
- Mr. Hicks determined that the top qualities sought in a new District President are integrity, a strong character, and transparency, as well as someone who understands the counties'/districts' needs and will be highly visible at all College locations. The new President should keep the community college focus and should be visible, available, and known. Lastly, this person should have transparency in decision-making, shared governance, and adhere to the rules.

President's Comments – (Presenter: Mr. J. Dudley Goodlette)

President Goodlette plans to be on all of the College's campuses between now and the next Board meeting in "Meet and Greet" sessions arranged by Teresa Morgenstern. He will bring information about the option of using iPads to the March Board meeting.
