## Any Remarks:

1. Pass on to students available on campus services.
2. I would have preferred more about the specific services at ESC rather than importance in general.
3. I did not need to be convinced that I have at-risk students who need engagement, so that aspect of the presentation was a bit slow. I would love a follow-up where we go into detail about some of the services.
4. Follow-up session on other services would be helpful
5. This was great, the info is concise, easy to find—Bldg. #s are needed by adjuncts too.
6. Thank you. Very informative. The library seems detached ☹
7. This was excellent. Had wonderful information.
8. Excellent speaker. Kept interest
9. I'm wondering how the transition to more online support for the more "traditional" students is being considered...Focus still seem to be on the students visiting the various offices. Of course, that gives them more sense of being a part of things, but...
10. A great presentation. Kept it moving.

1. Made me think. I hadn't worked using a constructivist pedagogy before. Now I will.
2. Let's do a "set up" of groups-how to- the "down & dirty" of it and not spend "too much" time in forming them.
3. Loved all the examples to use in the classroom. Great workshop!

**Report**  
**“Critical Thinking in the QEP”**  
**Workshop**

**Presenter: Dr. Gerald Nosich**  
**July 12 & 13, 2011, 9am-3pm,**  
**Diamond Head Beach Resort, Ft. Myers Beach**

**Workshop Description:**

Critical Thinking will play a vital role in our developing First Year Experience Course, and therefore it is important that we all have the same understanding of this concept. Using the Elder/Paul Model, this workshop serves as a starting point to familiarize participants with a common vocabulary as we strive to incorporate Critical Thinking in our classes and interactions with students.

Dr. Gerald Nosich, from Buffalo State College, facilitated the workshop. Dr. Nosich is a noted authority on Critical Thinking and is the author of *Learning to Think Things Through: A Guide to Critical Thinking across the Curriculum*.

**Workshop Details:**

The workshop was organized by the QEP committee under the direction of Kevin Shriner, Associate Dean, 1<sup>st</sup> Year Experience and Academic Success. The workshop was open to faculty and staff, full time and part time, from all campuses.

This workshop also serves as part of Training and Development for the First Year Experience program and fulfills the Critical Thinking module requirement for certification in teaching the FYE course.

**Attendance:**

The workshop was attended by 67 members of the faculty, staff, and administration representing all four campuses on 7/12, and 58 on 7/13. A breakdown follows:

**Tuesday: 7/12/11**

Faculty: 41 (Lee: 34, Charlotte: 2, Collier: 3, H/G: 2)

Staff: 15 (Lee: 10, Charlotte: 4, Collier: 1, H/G: 0)

Administration: 11 (Lee: 7, Charlotte: 2, Collier: 1, H/G: 1)

**Wednesday: 7/13/11**

Faculty: 37 (Lee: 32, Charlotte: 1, Collier: 2, H/G: 2)

Staff: 13 (Lee: 9, Charlotte: 3, Collier: 1, H/G: 0)

Administration: 8 (Lee : 4, Charlotte: 2, Collier: 1, H/G: 1)

**Evaluations:**

Attendees were asked to fill out an evaluation form at the end of the second day of the workshop. Of those that attended, 40 filled out the evaluation form. "Excellent" scores were given for all categories on 14 of the evaluations. The remaining evaluations scored, primarily, no lower than "good" in various areas; however, 16 scored "needs improvement" in the area of "Visual Aids." Some of the comments and suggestions were as follows:

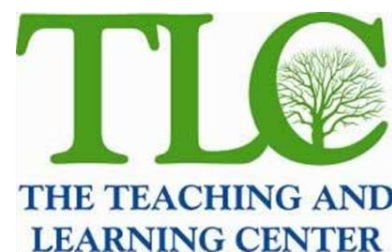

1. Great practical suggestions for use in the classroom
2. Would have liked some of the transparencies to be given out as handouts...would help me share the information with others in my department.
3. The overhead projector slides are HORRIBLE!
4. Better use of technology
5. Great workshop!
6. I hope to use this information directly in my fall classes
7. More forced moving around and combining with new people, and time to "process." Dr. Nosich was "top notch!"
8. Great tools to incorporate CT activities
9. Great information. Wish I had learned about this earlier in my educational career.
10. Excellent workshop
11. Great workshop. Very useful classroom information
12. Many exercises in my class will change, and critical thinking skills will be used.
13. Thanks so much!

Hard copies of the evaluations are on file in the TLC and available to review.

Respectfully submitted,

Judy Van Gaalen, Faculty Coordinator, Professional Development

8. Very interesting and informative
9. Will use some ideas in classroom on diversity chapter of textbook
10. Easy to adopt to gain the information from class
11. Outstanding presenter
12. Recommend purchase of cards for all FYE instructors to use.
13. Awesome
14. Really, every presentation I've seen of Dr. Gubitti's is a good one, so it was nice to see her as I came in. I do wish we had more time to do more of the activities, but I think I will be using the circles exercise when we cover hasty generalization in my classes.
