Everything DiSC

Everything DiSC profiles uses the third-generation of the DiSC assessment – a research validated learning model – to create a highly personalized learner experience. Each profile has in-depth information including tips, strategies, and action plans to help learners become more effective. Free follow-up reports are included with Everything DiSC profiles.

DiSC is a model of human behavior that helps people understand their own behaviors, and the behaviors of others. There are four DiSC styles: Dominance, Influencing, Steadiness, and Conscientiousness. DiSC looks at behavioral styles and behavioral preferences and is very user-friendly.

DiSC Profiles are done prior to the workshops so all time spent in the seminar is interactive and engaging. Participants will be given internet access prior to the session that will allow them to complete their profile on line at their convenience.

EVERYTHING DiSC WORKPLACE PROFILE

Everything DiSC Workplace can be used with everyone in an organization, regardless of title or role, to build more effective relationships and improve the quality of the workplace. The 20-page personalized profile explores the priorities that drive learners at work. Participants will learn to understand their own DiSC style and how to increase their effectiveness with all four styles. The profile includes an in-depth, personalized style index – and an overview of the other styles. Participants will learn how other individuals react with them.

Please Call for Dates and Cost

Duration: 4 Hours

Learning Outcomes:

- Discover your DiSC Style
- Understand other Styles
- Learn how to build more effective relationships
