*ECHS - Lee recognizes that students need academic organization and time management help and structure beyond simply receiving instruction and material from teachers. Typically tutoring happens after school but that presents transportation and other family logistical problems. All grade levels will build "constructive time" into their weekly routine so that students have access to teachers during the school day. All teachers are available through Canvas and via e-mail. Additionally, teachers who have volunteered for the "I Love Homework Club" will provide supervised computer access a couple days a week. (*Days of the week to be announced*)

All after school events end at 3:30 and staff will leave no later than 3:45. Please make arrangements to pick your student up promptly.

Students interested in a club or activity not listed, please talk to Dr. Botts and/or find a staff sponsor willing to host a club.
