FSWC – Lee recognizes that students need academic organization, time management help, and structure beyond simply receiving instruction and materials from teachers. We have built office hours into each staff member's regular workday for students to access individual teachers. Through the Advisory structure and individual classroom strategies, there is a deliberate effort to help students become more efficient at completing high quality academic work. All teachers are also available through Canvas and via e-mail.

Unless a particular sponsor makes alternative plans, all after school events end at 3:30 and staff will leave by 3:45. Please make arrangements to pick your student up promptly.

Students interested in a club or activity not listed, please talk to Dr. Botts and/or find a staff sponsor willing to host a club.
