Message From The President

Dear FSW Bucs,

This is a new day and a new era – for you and for this college. We are now Florida SouthWestern State College. While our name is new, always know that our mission, our vision and our dedication to you will not change.

We are constantly exploring ways to enhance your educational experience with us, starting with the formation of our five schools: the School of Arts, Humanities and Social Sciences; the School of Business and Technology; the School of Education; the School of Health Professions; and the School of Pure and Applied Sciences. Within these schools, you'll find career-driven options that are designed to help answer the needs of area businesses and institutions.

Along with our new name, we are bringing back a long-standing tradition: athletics. Did you know that we were competitive as the Buccaneers from 1963-1997? We'll begin with baseball and softball in the fall of 2015 and spring of 2016. Our plan is to add men's and women's basketball, and volleyball in the fall of 2016.

All of this, plus the many student clubs and activities, are designed to give you a complete college experience. We want to help you grow academically and socially so that you are ready to positively contribute to a now global society.

We wish you the best this academic year and beyond.

Go Bucs!

Dr. Jeff Allbritten
President

Message From The Vice President for Student Affairs and Enrollment Management

Dear FSW Bucs,

I am very pleased to welcome you to campus, either for the first time, or back to college for another memorable year!

This is an exciting time in your educational journey as well as the history of the college. This year you will find yourselves caught up in the celebration of our new name, Florida SouthWestern State College. As Vice President for Student Affairs and Enrollment Management, I am happy to work with you and the dedicated individuals within the division to provide programs and services that foster success academically and beyond. We take our responsibility very seriously as a partner in your education!

Student Affairs and Enrollment Management complements the academic mission by offering program activities and services that encourage you to critically explore today's global society.

Regardless of your need or interest, the Division of Student Affairs and Enrollment Management offers many ways to assist you and provide opportunities for learning and personal growth. I urge you to take full advantage of them. We wish you much success and rewarding experiences this academic year.

All the best and GO BUCS!

Dr. Christine Davis, Ed.D.
Vice President for Student Affairs and Enrollment Management

Message From The Assistant Vice President for Student Affairs and Dean of Students

Dear Students,

Our esteemed President, Dr. Allbritten, and Dr. Davis, Vice President for Student Affairs and Enrollment Management, have already extended warm welcomes to our College. So let me focus on our purpose: YOU! ... and the experiences we hope to share during this exciting time of renewal and creation at FSW.

As YOU begin or continue your journey, I want us to spend a great deal of time together. I want to know more about you—your interests, aspirations, and more. The more we know about you, the more we will be able to plan and program activities that will help you to learn, grow, and enjoy college life.

YOU are at the center of all of our activities. Student organizations, intramurals, and our emerging athletic programs have all been created for your benefit, so we encourage you to take full advantage of them. If we don't offer something you are interested in, we can build it together.

Indeed, your engagement and involvement with our Department, as well as our faculty, will teach you much about not only yourself, but also the world in which you live. Remain open to transition, the vehicle that drives learning and growth.

In other words, the Dean of Students and Department of Student Affairs take pleasure in working toward the advancement of YOU. We are here to serve your growth and learning needs.

On behalf of my team, I extend our most genuine and best wishes for your success.

Let's get 'em Bucs!

Waldon Joseph Hagan, Ph.D.
