

**Florida SouthWestern State College District Board of Trustees
Agenda Item Summary**

Meeting Date: 12/7/2017

1. **Title:** Parking and Road Improvements on the Thomas Edison Campus
2. **Action Requested/Purpose:** Authorizing Administration to contract with Wright Construction for parking and road improvements on the Thomas Edison Campus. The President is authorized to approve the form of the final contract and to execute a contract within the approved project budget.
3. **Fiscal Impact:** ☒ Yes ☐ No ☐ N/A
4. **Funding Source:** Parking Fund **Amount:** Not to exceed \$1.2 million
5. **Administration Recommendation:** Administration recommends approval.

6. Agenda Item Type:

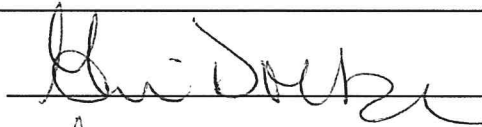

- ☒ Action Item
☐ Consent Agenda
☐ Information Only
☐ Board Requested Information/Report

7. Requirement/Purpose (Include Citation)

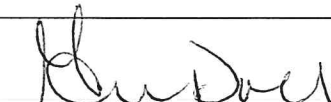

- ☐ Statute
☐ Administrative Code
☐ Other

8. **Background Information:** Johnson Engineering, Inc. was contracted in March 2015 to perform a Traffic Management Plan including a Campus Access Management Plan, Parking Lot Management Plan, and a Pedestrian Management Plan which explores various options to improve overall efficiency within FSW. Johnson Engineering presented their findings and recommendations to Administration in February 2016. Administration is now proposing to move forward with the recommendation to provide connectivity between the parking lots by extending the northern access road allowing access to the entire campus as well as adding approximately 70 additional parking spaces.
