

Associate in Science Degree (AS) in Business Administration and Management

The Associate in Science Degree (AS) in Business Administration and Management prepares students for careers in business, business administration and management in retail, service, government, insurance and manufacturing operations. The program also is suitable for those students who want to start and/or run a small business. The AS in Business Administration program includes three specialized concentrations:

- **Business Management Concentration** includes courses in managerial accounting and small business management;
- **Entrepreneurship Concentration** includes course in entrepreneurship management and starting your own business; and
- **Risk Management Concentration** Students who graduate with the concentration in risk management will be eligible to receive the 4-40 Resident Customer Service Representative, 20-44 Resident Personal Lines Agent and 2-15 Resident Life and Health Agent and bypass the state exam.

2023 – 2024 Program Planning Worksheet / 2 Year Plan
