- 2 years of the same High School Foreign Language, or
- Documented foreign language proficiency through testing, or
- 2 semesters of the same College Level Foreign Language (level II proficiency), or
- Level II proficiency - this criterion occurs when a student has completed the second course of a sequence of college foreign language without completing the first course. For example, if a student has successfully completed a college-level Spanish II but not Spanish I, then the student has met the Foreign Language Competency requirement.
