Castle Branch Instructions

Within your To-Do Lists in CastleBranch, you may need to submit a document to one or more requirements. These instructions will walk you through uploading your documents.

Preparing document for upload

The most efficient method for document submission is uploading a scanned document to your CastleBranch account or to a specific requirement.

Uploading documents:

- ✓ Ensures the clearest image, which will have a greater chance of acceptance
- ✓ Is the most secure method of submission
- ✓ Has the quickest processing time

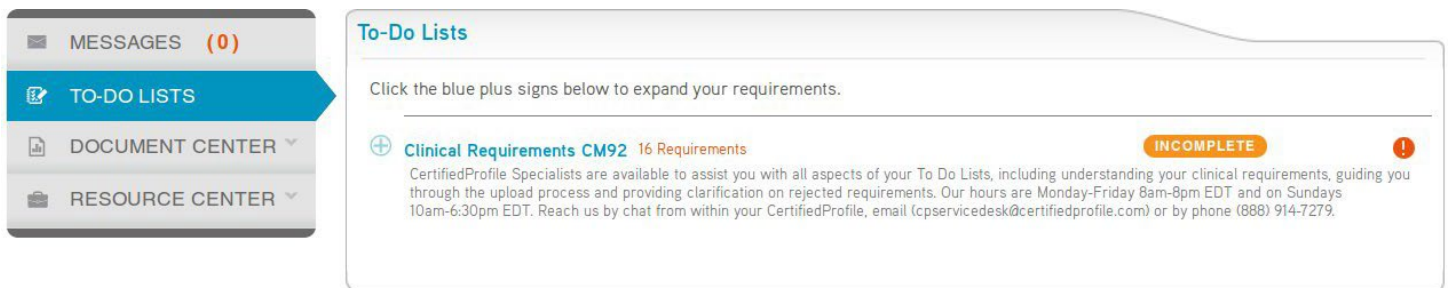

In order to upload a document, you need to first have an electronic version of your document. There are multiple ways to create an electronic copy, including the following:

- ✓ Take a picture with your phone and email to your computer
- ✓ Use a scanner or a scanner app to transfer your document(s) to your computer
- ✓ Go to a local FedEx or office supply store or other business that offers scanning services to scan your document(s) to a thumb drive. Public or school libraries often have scanners available for your use.

Once you have your document(s) in an electronic format, follow the instructions below to upload your document(s).

Uploading a document to a requirement from your computer

1. From the homepage, on the left side of your CastleBranch account, go to your “To-Do Lists”.

2. Within your To-Do Lists, expand your tracker (by clicking on the blue + icon) and expand the requirement for which you want to upload your documentation. Once you expand the requirement, you will see additional requirement details including instructions to attach a file.
3. Under “Attach a file from either,” click Browse, located next to “Your Computer or flash drive.”

Attach a file from either:

CertifiedProfile's My Documents

Your computer or flash drive

Or download the fax/mail requirement cover page

4. Then, select the file from your computer.
5. Once you have uploaded the file, the file name will display under "Attached Files" within the expanded requirement details. Check to make sure the correct file name displays. If you uploaded the incorrect document, you can click "remove document" and then upload the correct file by repeating the steps above.

NOTE: You will not have the option to remove a document after you have submitted the requirement for review. If you need to replace a document after you have submitted your requirement for review, you will need to contact the CastleBranch Service Desk to reset your requirement.

6. If you are only uploading one file, hit Submit now. You must hit the Submit button to attach the document(s) to the requirement. If you do not hit Submit, your requirement status will remain "Incomplete."

Uploading multiple documents to a requirement from your computer

1. If you wish to load more than one document, before clicking Submit you simply click Browse again (next to "Your computer or flash drive") and select your next document. You can continue this process until you have uploaded all of your documents to the requirement.
2. Once you have uploaded all of your documentation, click the "Submit" button to send your documentation for review.

NOTE: All documents you upload directly to an individual requirement are also stored in "My Documents" for future use. This document storage enables you to attach the previously used document to an additional requirement.

Your CastleBranch Service Desk is available to assist you via phone, chat and email Monday-Friday 8am-8pm EST
