

# DEDICATE TO GRADUATE

Thanks for your continued work in enhancing the student experience at FSW! January's goal was for every instructor to commit to learning seven of their students' names for each class taught.

Congratulations! Your diligent work continues to enhance the student experience at FSW! During the fall semester, 65% of surveyed students "agreed" or "strongly agreed" that FSW instructors learned their name. This spring, 83% of surveyed students responded affirmatively that an instructor learned their name. Way to go!

95%

of students state that FSW instructors explained academic/student support services at FSW.

95% of students "agree" or "strongly agree" that FSW instructors explained academic/student support services at FSW.

The most utilized services during the first few weeks of the semester are the FSW Libraries (72%), Financial Aid (66%), Academic Advising (62%), and the Academic Support Centers (54%).

Students, as well as faculty and staff, may have less information about newer/other important services. 9% of new students report utilizing BUCS C.A.R.E. (food pantry/mental health counseling), 8% report using Veterans Service, and 14% report utilizing Adaptive Services in the first few weeks of the semester.
