

DEDICATE TO GRADUATE

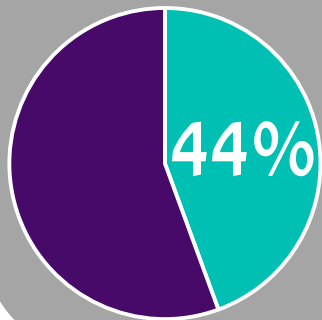

January 2020
Staff/Administration

During the fall semester, new students were invited to complete FSW's First-Time Student Engagement Survey. Results from this survey help us learn more about our students and how we can best support students as they pursue their educational goals.

88% of students stated "my first visit to FSW was a welcoming one."

44% of students "strongly agree" or "agree" that "an FSW staff member learned my name."

44% of students stated "an FSW staff member learned my name."

We need your help to reach every FSW student!

Your Goal

Meet and learn the name of one student each day for the next 21 days.

FSW employs 764 full-time and part-time staff and administrators. If every staff member committed to meeting a student each day for 21 days, we would make considerable progress in striving to ensure 100% of students had personally connected with an FSW staff member.

Let us know about your experience working towards this goal. We would love to hear your stories and potentially feature you in an upcoming Dedicate to Graduate communication.

Email us at DedicateToGraduate@fsw.edu.
