## PRESIDENTIAL COMPENSATION METHODOLOGY

It is the goal of the Board of Trustees to attract, motivate and retain a highly qualified individual to serve Florida SouthWestern State College as its President whose knowledge, experience and contributions advance the mission of the College.

It is therefore the intent of the Board of Trustee's to compensate the President in a manner that is fair, reasonable, competitive, and fiscally prudent.

In order to provide competitive and fair compensation, it is the intent of the Board of Trustees to attain parity with the national average salary of comparable institutions as identified in the Administrative Salary Survey conducted by the College and University Professional Association for Human Resources (CUPA).

To implement this policy, a salary mid-point range will be set at the average median salary for college presidents of peer institutions as identified in the CUPA survey. Peer institutions are defined as institutions that are comparable in size of enrollment, operating budget and academic programs. The established high and low end of the salary range is $20 \%$ of the salary mid-point. Pursuant to Florida Statute 1012.885 , no more than $\$ 200,000$ in remuneration will be provided from state appropriated funds (excluding retirement and health benefits).

The Board will consider the following factors in determining presidential salary: performance, years of experience, and the advancement of institutional goals, leadership in the Florida College System and/or national settings, and market competition for Florida College Presidents. The Board has the discretion to deviate from the established salary range if, in their collective judgment, circumstances warrant such deviation. However, any deviations from the approved range must be documented in the board minutes.

The President is entitled to standard benefits offered to all employees. Standard benefits include, health insurance, life insurance, long-term disability, retirement and the 403(b) matching program. In addition, other compensation in the form of benefits or allowances may be provided to the President as deemed appropriate by the Board of Trustees. These benefits or allowances will be compensated at flat amounts and will not be calculated as a percentage of salary.

Each year the Board will evaluate the President's performance. In addition, the Board will annually review and approve the President's total compensation package to include salary, allowances and benefits in conjunction with the corresponding amount of each item.

Adopted by District Board of Trustees 5/22/12

## EMPLOYEE SKILLS AND COMPENSATION PHILOSOPHY

## Executive Employees

This philosophy enables the Board of Trustees to attract, motivate, and retain highly skilled executive officers who are capable of providing long term successful, effective, and sustainable growth and development for Florida SouthWestern State College. It is the desire of the Board to compensate its executive officers in a manner that reflects their performance and their dedication to the College. The following guiding principles should apply to the College and its direct support organizations.

Compensation should be based on the level of job responsibility, individual performance, years of experience, and overall College performance.

Compensation should reflect the value of the job in the marketplace. To attract and retain a highly skilled team of executive officers, the College must remain competitive with the compensation of other top quality highly successful colleges and universities who compete for their talent.

Florida SouthWestern State College is accredited by the Southern Association of Colleges and Schools as a Level II baccalaureate degree granting institution. Therefore, executive compensation shall be competitive with other four-year colleges and universities.

The College strives to provide top tier compensation based upon the expectation of top tier individual performance and overall College performance.

The College also competes with many larger colleges and universities for top executive talent. Therefore, Florida SouthWestern State College must consider compensation packages that discourage executives from pursuing more lucrative opportunities at other institutions.

Compensation should continuously insure that successful, high achieving, and dedicated executives remain highly motivated and committed to Florida SouthWestern State College for the long term.

The executive staff shall have well defined performance goals accompanied by performance evaluations designed to cultivate success, maximize performance, and instill empowerment.

## Faculty

The Florida SouthWestern State College Board of Trustees recognizes that attracting competent faculty is essential to maintaining a strong academic institution. In higher education today, faculty must fulfill several roles including teacher, advisor, researcher, and community representative.

Faculty members must have the academic credentials needed to perform successfully in the classroom as well as the motivation and desire to help students achieve their goals. Faculty members must possess two important attributes - the knowledge of scholarship in their chosen field and the ability to communicate knowledge in a manner that best suits students' learning styles.

In addition, faculty should be willing to represent Florida SouthWestern State College in service activities that promote the College's mission in the community.

The Florida SouthWestern State College District Board of Trustees recognizes its role in attracting and supporting faculty. As such, to attract and retain a highly energized and qualified faculty, the College shall provide attractive and competitive compensation packages, professional development opportunities, and excellent learning environments. This commitment should result in retaining the best faculty, compensated within the top tier of their peer group in the Florida College System, and who are excited about providing excellent educational experiences for Florida SouthWestern State College students.

## Staff

The quality of education and service that Florida SouthWestern State College provides is a direct result of the skills, abilities, and performance of its employees. As such, the College places great value in its staff and desires to attract, retain, and motivate a qualified, creative, dedicated, and diverse workforce. The compensation philosophy is based on the following guiding principles.

The College seeks to recruit employees who have exceptional skills in their specific field, value continual learning, and demonstrate an ongoing commitment to improvement.

Total compensation will recognize the importance of each position at the College. Related policies and procedures will employ equity and sustainability standards when recognizing the relative value of each function.

Florida SouthWestern State College compensation packages will be externally competitive and internally equitable. Florida SouthWestern State College will design and administer plans and programs in a financially sustainable manner to ensure the College's mission of providing quality education.

For all skills and compensation philosophies, note that in addition to salary, Florida SouthWestern State College's total compensation approach recognizes the intrinsic value of benefits afforded to its employees. The College strives to include benefits such as health and wellness benefits, retirement programs, an excellent work environment, and the tuition reimbursement and matriculation programs. Florida SouthWestern State College complies with all applicable laws including equal employment opportunity laws, benefits regulations, and the Fair Labor Standards Act.

Adopted by District Board of Trustees 4/22/08, Amended 06/27/23

## WAGE AND SALARY SCHEDULE INTRODUCTION

Florida SouthWestern State College is committed to the concept of equal access/equal opportunity in hiring individuals upon the basis of their qualifications, suitability, and abilities. The College will not discriminate on the basis of race, sex, gender identity, color, age, religion, national origin, ethnicity, disability, pregnancy, sexual orientation, marital status, genetic information, or veteran's status in its employment practices or in the granting of salaries to employees.

The Wage and Salary Schedule is established pursuant to Florida Statute 1001.65-Community College presidents; powers and duties, paragraph (3) "Establish and implement policies and procedures to recruit, appoint, transfer, promote, compensate, evaluate, reward, demote, discipline, and remove personnel, within law and rules of the State Board of Education and in accordance with rules or policies approved by the Florida College System institution board of trustees." and pursuant to Florida SouthWestern State College Board of Trustees Policy Manual, policy number 6Hx6:5.02(3), which states:
"To pay compensation and benefits, which are nondiscriminatory and competitive with rates and benefits being paid for similar jobs by other employers in the labor market. However, all policy decisions regarding compensation and benefits must take into consideration the College's overall economic condition and competitive position. The College will pay employees on a regular basis and in a manner so that the amount, method, and timing of such payments comply with any applicable laws or regulations."

The Schedule recognizes the Florida SouthWestern Faculty Federation (FSW-FF) "...as the exclusive bargaining agent for all full-time personnel on the faculty salary schedule to include (1) instructional faculty, (2) counselors, and (3) library faculty..." (Article 1, CNA). Salaries for fulltime faculty, therefore, are included in this Schedule by reference to the Agreement between the District Board of Trustees and the FSW-UFF.

It is the responsibility of the Board of Trustees to approve the compensation package and to authorize the Chairman of the Board of Trustees to execute a contract with the President of Florida SouthWestern State College. Maximum salaries for positions may be adjusted by the Consumer Price Index annually.

One-time, non-recurring payment - at the President's discretion FSW employees may receive a one-time, non-recurring payment that is not added to base salary within the fiscal year (July 1 to June 30). This payment is not a performance bonus or pay for service already rendered. The criteria for the payment is solely based on being employed at FSW. These payments are not subject to FRS deductions.

Board approval of the operating budget including the following wage and salary schedules constitutes authority for the President of the College, or his designated representative, to execute all other contracts and appointments. The President of the College has the authority to establish compensation and make adjustments in the staffing, as he deems necessary for carrying out the mission of the College.

| Master's Degree | $\$ 2,500.00$ supplement |
| :--- | :--- |
| Doctorate Degree | $\$ 4,000.00$ supplement |

## Salary Increases

Salary increase recommendations are influenced by the individual's annual evaluation and changes in Florida Education Finance Program (FEFP) aid levels. Section 1012.34, F.S., requires that schools implement personnel evaluations that include a contribution from student performance on standardized test as well as other subjective factors. 101.22, F.S. further requires that there be differentiated raises based on these final personnel evaluation ratings. Personnel are evaluated by their supervisor before leaving for the summer and based upon the early fall availability of student performance data, final performance evaluations are finalized.

Principals may prepare a memo recommending salary increases and submit to the Vice President of Academic Affairs for review by June 1 ${ }^{\text {st }}$. Approved compensation changes will take effect on July 1st for employees on annual contract, or August 1st for employees on 10 -month contracts. Only instructional staff are eligible for performance-based raises following the schedule below. Actual rates may vary from year to year based on FEFP, Principal's recommendations, and/or other College-wide factors. The value of a salary increase for a teach rated as "highly effective" must be at least $50 \%$ more than the value established for teachers rated as "effective."

Value of Highly Effective Rating Minimum Salary Increase 1\%
Value of Effective Rating Minimum Salary Increase .5\%
Value of Needs Improvement Rating
Value of Unsatisfactory Rating

No Increase
No Increase

## Recurring Salary Increases from external funding for High School Personnel

If increases for high school staff and/or classroom teachers are explicitly included as a directive thru FEFP funding or local (county) initiatives, the high school staff and/or teachers will receive the increase in a method that follows the intent of the directive.

Examples:

- External funding is specifically for "Teacher Salary Increases"
- External funding is provided as a categorical through the FEFP such as the Teacher Salary Increase Allocation.

## Salary Increases, continued

In this instance, the classroom teachers would receive the increase allocated, while staff of the high school will not receive an increase. However, if College staff were given an increase, then the high school staff would receive the same \% increase and type of increase (recurring vs. non-recurring) as College staff.

## External Funding is provided for 'Teacher and High School Staff Salary Increases":

In this instance, the high school staff and classroom teachers would receive the increase allocated, but will not also receive an increase given by the College. However, if the increase from FEFP or a local initiative is less than what is granted by the College for that same fiscal year, high school staff and/or classroom teachers would receive the difference resulting in their total increase being equal to the increase offered by the College. For example, high school staff and teachers receive a $1 \%$ increase from FEFP; however, in the same fiscal year, the College has granted a $2 \%$ increase. The $1 \%$ difference would be paid to HS staff and teachers.

## Recurring Salary Increases when there is no external funding for High School Personnel

If increases for high school staff and/or classroom teachers are not explicitly included as a directive thru FEFP funding or local initiatives, the high school staff and teachers should receive the same increase approved for College professional and career staff.

## Non-recurring payments

In the event a one-time, non-recurring payment is given to College staff, the high school staff and teachers will also receive the same amount in any fiscal year unless a nonrecurring payment has already been provided or is planned to be provided to high school teachers and staff through other high school funding sources (excluding school recognition awards, Best and Brightest awards, Florida Teachers Lead Program).

## OPS TEMPORARY POSITIONS

Temporary and On-Call OPS positions are established to meet a workload of a temporary, casual or seasonal nature and are filled on an as-needed basis. Hours scheduled on an as-needed basis only, determined by the type of assignment, the location, or by the availability of the employee. Employees in temporary OPS positions are limited to working no more than 25 hours per week. The College does not guarantee a specific length of employment, or a set number of hours per week. Temporary OPS positions do not receive benefits except those required by statute or regulation.
