Walgreens can save you money

Walgreens is a featured pharmacy in your network and that's good news! You'll pay a lower price for many prescriptions at Walgreens than anywhere else. This means you'll often pay less when you have a deductible to meet. Or if the drug costs less than your copay, you'll pay the lower price¹.

A choice of pharmacies

Your Florida Blue plan offers you a lot of pharmacy choices. In addition to Walgreens, you can choose from Publix, Winn-Dixie, Walmart, and many small, independent pharmacies throughout the state. Always use an in-network pharmacy for greatest savings on your medicines. If you use a pharmacy that is out of network, such as CVS-owned pharmacies², you'll pay the full price out of pocket for your prescription.

Moving your prescriptions

If you're using a CVS-owned pharmacy today, think about moving your prescriptions to another in-network pharmacy like Walgreens now. You can see a list of in-network pharmacies at floridablue.com/performancepharmacy.

Here's how to easily make the switch:

- Call or stop by your local Walgreens or other in-network pharmacy and tell the pharmacist you want to move your prescriptions from another pharmacy. They'll help you make the switch. Just have a list of your current medications handy.
- Using the free Walgreens mobile app on your smartphone, take a picture of your medicine bottle and send it to your nearest Walgreens.

If you continue to use CVS in the new benefit year, you'll experience higher out-of-pocket costs.

- You'll pay the full price of your medication out of your pocket if you don't have out-of-network pharmacy benefits.
- If you have out-of-network pharmacy benefits, you'll pay the full price of your medication and can file a claim for reimbursement. Your reimbursement will be based on out-of-network benefits.

Please refer to your summary of benefits to see if you have out-of-network pharmacy benefits. You don't need to take any action if you currently fill prescriptions at an in-network pharmacy.

¹Retail costs reflect the estimated amount you'll pay, after your health plan's cost share, such as copay and coinsurance, have been met. Actual cost will be determined at the time of purchase.

²CVS-owned pharmacies are out of network in 2017 including Bear Creek Pharmacy, Care Pharmacy, Care Plus CVS/Pharmacy, CarePlus, CarePlus CVS Pharmacy, Longs Drug Store, Longs Pharmacy, Navarro Discount Pharmacy, Navarro Health Services, RxAmerica, Target Pharmacy and Wellness Works Pharmacy. Your specialty and mail order services will not change.
