

About Florida's International Linkage Institute Programs

Recognizing the need to prepare its students and citizens for participation in the expanding international marketplace, the Florida Legislature established 11 international institutes for students on F-1 visas from certain countries. If you are a citizen of one of these 11 countries you are eligible to apply for an exemption. If granted, students may be eligible to pay in-state rates for up to 15 credits. Each institute web site has an application and deadlines for submitting applications. **Please not those students accepting these tuition exemptions MUST AGREE to RETURN to their HOME COUNTRY for the period of time equivalent to the time period for which the exemption has been granted.**
