

Course Proposal: FSW Course with Long-Term Travel Abroad in Italy

Please submit proposals to Michael Messina, Edison (Lee) Campus, K-240 by Fri., Dec. 6, 2019.

Target Semester: Summer 2021

Full-time faculty and administrators credentialed to teach FSW courses are invited to submit proposals for FSW summer courses with a one-month (June or July), long-term travel abroad component in Italy. In order to achieve the College's strategic initiative of expanding International Education, it is expected that faculty who teach FSW courses with long-term travel abroad in summer 2021 will commit to sharing their experiences through faculty mentoring or in curricular and co-curricular activities such as during International Education week, through FSW colloquia, or through TLC workshops. Students enrolling in the FSW course will also have the opportunity to enroll in an additional course at our partner institute, Lorenzo de' Medici. Please contact Michael Messina (michael.messina@fsw.edu) if you have questions about the opportunity or the proposal process.

Visit <http://www.ldminstitute.com/> to learn more about LdM, courses, and campuses.

Instructor(s) Names:

Instructor(s) Title(s)/Discipline(s):

Course Title:

(note: Courses must exist in FSW's catalog. If proposing a course that you will be taking through curriculum committee, please indicate and list the date that you intend to submit the proposal.)

Course Description:

Course Objectives:

Is the proposed course intended to be linked to another course?

If "Yes" to above, please list course title and faculty. (A separate proposal will be submitted for each linked course.)

Please explain why students would benefit from taking the course on the LdM campus. Be specific about how the location will help meet or enhance intended course objectives.

Please explain why you are motivated to teach this course abroad.

Please explain how teaching at LdM may contribute to your scholarship.

Please explain how your experience at LdM may contribute to one or more of the following partnership objectives.

1. To improve international understanding;
2. To enhance the development of joint educational and research projects;
3. To increase individual educational opportunities;
4. To enrich the educational environment of both Parties;
5. To promote the exchange of teachers, researchers, and students for teaching and research programs;
6. To promote reciprocal consultations and the exchange of teaching and learning materials;
7. To engage in joint proposals for grants or awards to support research, teaching, training, and services.

Do you have experience leading a faculty-led study abroad program at FSW or at another institution?

If yes, please describe your experience(s) including the course, number of students, and travel destination(s).
