Certified QM Reviewers: Ann, Randy, Phenessa, Peggy, Sharon and Rona. We will start meeting in the summer to review courses. We'll start by meeting with the entire team so that we all understand the process.

Technology Update on LMS for the future

Several LMS's are under evaluation. Sakai is a possible standout. It provides a facebook type environment where a student can see all their courses and create a portfolio. System upgrades would not be an issue.

Reminder: CE6 will be UNAVAILABLE on Friday May 7th and Saturday May 8th

• Reminder: Course Syllabus

A copy should go to the academic dean as well as to Edison Online. Send the syllabi to Susan DeNicola sdenicola@edison.edu at the same time you send it to the academic dean. If there are any changes to be made, send the revised syllabus to Susan as soon as possible.
