Subject: IMPORTANT: April Learning Assessment Committee Meeting
Attachments: DRAFT LAC Meeting Minutes Draft March 6th 2020.docx

Dear members of the Learning Assessment Committee,

After consulting with team AASPIRE, I have decided to suspend this April's Learning Assessment Committee meeting. **Please consider this email to be your update on urgent business and committee projects as we all continue to observe work-from-home social distancing guidelines.**

Current Updates on LAC/AASPIRE Projects

4/1/2020

*Attached you will find the minutes for the March meeting. Please look these over and email me with any necessary changes/corrections in the coming week.

Updates on Course Level Assessment:

1. The last of the course level assessment for Fall 2019 was completed and send to LACs during the week of March 30, 2020.
2. Course level assessments for Spring 2020 are moving forward only if the assessment method was in an online format before the transition due to COVID-19. (If you had an assessment that was scantron, it is not required of you for spring 2020. If your assessment was already in Canvas before the transition, it is required of you.)

Updates on General Education Assessment:

1. **Deadline for GenEd Scorers is extended to May 1 (from April 1) to allow faculty volunteers extra time as a result of the difficult transition.**

2. Summer Rubric Workgroup is planning to move forward to meet two to three times sometime between the weeks of June 22 and July 27. Specific dates will be set based on availability of volunteers (if you volunteered, you'll get a second email shortly).

Updates on Exemplars:

At the March meeting it was decided that we would vote on possible assignment exemplars. **If you would like to nominate an assignment, please submit it to Joe van Gaalen or me by April 15.** Afterwards, we will hold a vote on the nominated assignments to decide which will serve as exemplars.

Updates on DataVersed April issue:

1. The April 2020 issue of DataVersed was already drafted before the transition. The issue, which will include interviews with new LACers from AY 2019-2020 about what they learned this year, will be ready for the 3rd or 4th week of April.
2. Many kind words have been shared with Team AASPIRE regarding Elijah's heartfelt words in the March 2020 issue of DataVersed. Team AASPIRE wishes to thank him immensely for his touching piece on this trying time.

I want to thank you all for your continuing work on the committee. I know these are trying times and I appreciate all the time and energy you continue to give to assessment and to FSW.

Stay safe and healthy!

Best,

Elijah
